About Ohio Campus Compact

Founded in 1992, Ohio Campus Compact is a statewide non-profit coalition of college and university presidents and their campuses working to promote the civic purposes of higher education.

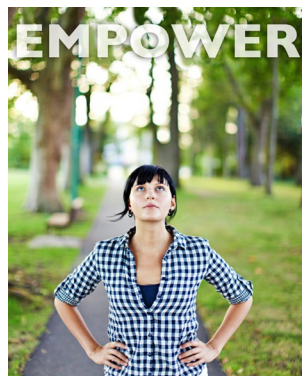

Our vision: Ohio Campus Compact envisions Ohio colleges and universities as centers of civic engagement and renewal where co-curricular and curricular learning, teaching and scholarship advance the public good and prepare students for active citizenship and democratic participation.

Our mission: To provide statewide leadership in mobilizing resources, services, and partnerships that strengthen Ohio colleges and universities' capacity to educate students for civic and social responsibility and to improve community life.

About our work

FUNDING: We invest in good ideas.

We invest in the civic engagement initiatives of our member campuses. Our innovative *Pay it Forward* student philanthropy grants engage students in service to the community and promote charitable giving and greater learning outcomes.

TRAINING: We empower campus leaders to work with local communities.

We bring together scholars and community leaders and we put that brainpower to work to tackle issues like poverty, hunger and joblessness. Our symposiums, trainings & resources support campus-community engagement initiatives. And with our support, they make an even greater impact on students and in local communities.

SERVICE: We build strong "student citizens"

We support campus programs and offices with resources and trainings that instill an ethic of service and focus on citizenship. Meanwhile, the Campus Election Engagement Project helps students become engaged in our democracy.
